

EXCITING TIMES at RVR

Summer 2017

RIVER VALLEY RIDERS
EQUINE ASSISTED ACTIVITIES & THERAPIES

As chairperson and president of River Valley Riders, I would like to share some exciting news!

Did you know?

Several RVR board members recently had the opportunity to discuss our vision with the Hubbard Broadcasting Foundation. We are pleased they are joining with other community-minded foundations to support RVR's dream to build a complete facility for equine assisted activities and therapies. In addition, Stanley and Karen Hubbard have joined the RVR family, providing a generous personal donation accelerating progress toward this goal. Building the indoor arena is the next phase of our multi-year plan. RVR has received over half of the funding necessary for this phase. Breaking ground in 2018 is now a real possibility with your financial commitment. Just imagine...if it's safe to bring horses, no more weather cancellations!

The mission of River Valley Riders is to enrich the lives of children and adults with special needs by providing equine assisted activities and therapies.

Lessons are conducted in accordance with the safety, training and instructional guidelines of the Professional Association of Therapeutic Horsemanship International.

Professional Association of Therapeutic Horsemanship International

— MEMBER —

None of this happens without your support and care. I want to thank you, our donors and volunteers, for all that you have done to make RVR the dynamic organization it is today. Share this exciting news with your friends, family and colleagues. Tell them your stories of why RVR is important to you. Together we will continue to build toward the vision to serve our communities with full-time year-round programs. In 2016 my husband and I made a pledge above our regular giving toward the building of the indoor arena. I invite you to join us by donating now or making a pledge of your own today so we can break ground next year!

In gratitude,
Gail Olsen
